**SCHEDULE SW**  
**SEASONAL WINTER SERVICE RIDER**

**AVAILABILITY**

Available in conjunction with the Cooperative's Schedule LP for electric service furnished to consumers of the Cooperative who (1) establish a peak demand of at least 500 kW on one or more occasions during the winter months of November through March, (2) establish a maximum peak demand during the summer months of April through October that is seventy percent (70%) or less than the maximum peak demand established during the preceding winter months, and (3) require energy during the winter months that equals or exceeds sixty percent (60%) of their total kilowatt-hour energy use for the most recent twelve months ending October 31. The rider is seasonal and shall only be effective from November through March of each winter service season. This optional rider provides Energy Charges which supersede the Energy Charges under Schedule LP, and an Administrative Charge for each account served hereunder. All other charges from Schedule LP are in full effect.

**MONTHLY RATE**

The monthly rate shall be:

<b>Administrative Charge</b>	\$10.00
<b>Metering and Billing Charges</b>	As indicated on Schedule LP
<b>Distribution Charges</b>	As indicated on Schedule LP
<b>Energy Charges (Billing Months of November through March)</b>	
Usage	\$0.05113 per kWh

*(There will be no Demand Charge for energy sold under this rider.)*

Energy Charges are subject to the Power Cost Adjustment Rider as filed under Rate Schedule C.

**TERM OF SERVICE**

The term of service provided hereunder shall be one month. The Cooperative reserves the right to modify or withdraw service hereunder should there be a change in the wholesale rates under which the Cooperative purchases power for electric service furnished hereunder.
